our ambition: you

To get to know us better, read through this text that translates who we are and what we hold for everyone here.

Be it today or tomorrow, you should remain unique and cultivate your difference. Don’t believe those who tell you:

You don’t count.

We are absolutely certain:

Excellence and fulfillment exist…

You can hope that

The University should offer you everything,

Don’t imagine that

Your possibilities are limited.

You can gaze upon the future with ambition!

Stop imagining, stop thinking that

Success isn’t within your reach,

We can assure you.

Le Mans Université, our ambition: you!

One University, multiple opportunities.

Reinforcing the link among research, training and innovation

A range of lifelong training courses for students, distance learners (online courses), work-linked trainees, those in employment and those seeking employment. These training courses are regional or national in scope, in fields such as management, law, social and human sciences, computer science, languages and literatures, biology, sports and health, molecules and materials, risk and insurance, management, law, social and human sciences, computer science, languages and literatures, biology, sports and health, molecules and materials, risk and insurance.

Innovative teaching methods and individualized accompaniment. What you learn in the classroom can be supplemented by distance learning, on-line resources, projects, work-linked training... Currently, Le Mans Université offers the assets of the University and to spread its message.

Stress on the distinctiveness of the University, with particular reference to the assets which are the focal points of our student body. With this, Le Mans Université opens the way to success to its students. Research, teaching and innovation are our missions; authenticity, altruism and sharing make up our DNA. Le Mans Université opens the way to success to its students. Research, teaching and innovation are our missions; authenticity, altruism and sharing make up our DNA.
